# THE UNDERTONES

## Positive Touch

White Colored Vinyl

Release Date: 8/25/23

### Overview:

The **Undertones** formed in Derry, Northern Ireland, in 1975 and released their third album *Positive Touch* in 1981 which peaked at #17 in the UK Charts.

The Undertones' *Positive Touch* marks the departure from speedy pop-punk of their first two debut albums though the songwriting remains as tight and lively with plenty of hooks that keep you listening.

The punk-derived energy is almost entirely gone, replaced by a more varied and softer instrumental palette that features new textures like piano (courtesy of Paul Carrack, then in Squeeze) recorders and brass instrumentation.

Features the lovely "Julie Ocean" which has an undercurrent of anxiety, as well as much faster tracks like the pounding opener "Fascination" and the near-paranoid "His Goodlooking Girlfriend" are downright nerve-wracking.

This reissue is an exact replica of the embossed original sleeve and has been pressed on white color vinyl for the first time.

### Tracklist:

#### SIDE A

# THE UNDERTONES

## The Sin Of Pride

### Plum Colored Vinyl

Release Date: 8/25/23

#### Overview:

**The Undertones** formed in Derry, Northern Ireland, in 1975 and released their fourth album *The Sin Of Pride* in 1983 which peaked at #43 in the UK Album Charts.

*The Sin of Pride* was by far the most exploratory album the Undertones ever issued. For their fourth album, the band injected more post-punk dance into their growing soul sound and so the album is looser and more focused on mood and groove than their previous titles.

The record still offers some classic tracks from the Northern Irishers, including "Got To Have You Back," "Chain of Love" and fan favourite "The Love Parade."

Covers such as Leon Ware's "Got to Have You Back," which opens the LP, and Smokey Robinson's "Save Me," which closes it, are bookends for a moving blend of funky, driving, deeply textured psychedelic soul music that makes pearls of tracks such as "Untouchable."

This reissue is an exact replica of the original release and has been pressed on plum color vinyl for the first time.

#### Tracklist:

##### SIDE A

1. Got To Have You Back
2. Valentine's Treatment

# LIARS

## WIXIW

(Limited Edition Recycled Color Vinyl)

Street Date: 8/25/2023

**WIXIW** is the next album to be released in the Liars' limited edition recycled color vinyl reissue series.

Initially released in 2012, **WIXIW** was Liars' sixth full-length album as a band (Angus Andrew, Aaron Hemphill and Julian Gross). It somehow provided a summation of Liars' work preceding the record, whilst also providing a complete break from anything that had been heard from the band. Recorded in L.A., the album was self-produced by the band, with additional production from Mute's Daniel Miller and mixing by Tom Biller. **WIXIW** illustrated an ambiguous, fragile in-between state for Liars. Fusing a refined, slick production style with electronic experimentation, it's often considered as both their most accessible and most challenging album.

### PRAISE FOR **WIXIW**:

*"Really, it's just fantastic. Blinding. A blinding record from a band who surprise so often it's pretty much unsurprising."* - *The Line of Best*

*"...Liars' dark, largely electronic and sample-based latest album is a return to their adventurous, experimental roots. It's also the group's most human and fragile album to date."* - *Pitchfork*

*"LA's supreme rule-breakers have unleashed the unnerving sounds of their lost inner world"* - *NME*

# TURKISH DELIGHT (KHALIL TURK AND FRIENDS) VOLUME TWO

Rock Journalist Dave Ling (*Kerrang!*) states, 'Turkish Delight Volume Two' celebrates the absolute joy that **Escape Music** co-owner Khalil Turk has for the kind of music he loves so much and has spent the last thirty and then some years championing. Indeed, his enthusiasm for a new band or a new song today is no different from when I first met him in the mid '80's. I lost count of the number of phone calls he made to me when I was working for '**Kerrang!**' magazine, where he would excitedly tell me 'Dave, you just have to listen to this! It's brilliant! You'll love it!'

He has now assembled an all star cast to celebrate his 30+ years in the business, with the likes of, Robin Mc Auley (*MSG*), James LaBrie (*Dream Theatre*), Jeff Scott Soto (*Sons Of Apollo/Journey/Yngwie Malmsteen*), Dan Reed (*Dan Reed Network*), Tony Harnell (*TNT*), Paul Taylor (*Winger/Alice Cooper*), Billy Sheehan (*Mr. Big/David Lee Roth*), Marco Mendoza (*Whitesnake/Thin Lizzy/Journey*), Rudy Sarzo (*Quiet Riot/Ozzy Osborne*), and so many more!

Escape Music continues to deliver monthly doses of quality hard rock, melodic rock and AOR to a very devoted following. It's a very interesting package and, as Khalil would surely say, you'll love it!

Desmond Dekker – King of Ska

**US Release Date: 08/25/2023**

★ **One of the most influential figures in musical history**

★ **Reggae's first international superstar**

In 1963, a 21-year-old welder with dreams of becoming a full-time singer-songwriter, auditioned for one of Jamaica's new elite record producers, Leslie Kong, owner of the recently launched Beverley's Records label. After performing a number of original compositions, a deal was secured and within weeks the first of Desmond Dekker's many 7" singles hit Kingston's record stores.

The record, which coupled two of his own songs, 'Honour Your Mother And Father' and 'Madgie', became an instant best-seller and heralded the beginning of a long and immensely successful run of hit singles by Dekker throughout the remainder of ska era and well beyond.

This 2xCD set showcases both sides of Dekker's first twenty singles for Kong's esteemed Beverley's label that set him on the path to international stardom.

Presented in a stylish fold out digipack, the collection includes a 12 page booklet featuring fascinating and insightful sleeve notes from music journalist Winston Smith.

COSMICA ARTISTS

## CARLA MORRISON | EL RENACIMIENTO

VINYL + CD RELEASE DATE: 8/25/2023

Grammy-nominated and three-time Latin Grammy-winning artist **Carla Morrison** has had an explosive year following the release of her highly anticipated album, **El Renacimiento**, via **Cosmica Artists**. Her first project in over 6 years, it arrived to large worldwide critical acclaim and has solidified Carla's rightful place alongside today's biggest superstars within the pop arena.

*El Renacimiento* chronicles her journey of healing from loss and returning to music and serves as her artistic reemergence and rebirth. Although her style is still rooted in her beloved acoustic-heavy sound, the project showcases her ability to effortlessly venture into a larger pop realm with versatility and depth. The album arrived to large critical acclaim from the **New York Times**, **Rolling Stone**, **The Los Angeles Times**, **Billboard**, **Glamour**, **Telemundo**, **People En Español**, **Latina Magazine**, **Associated Press**, **Refinery29**, and many more.

Carla remains one of the most pivotal artists of the past decade with her art surpassing the boundaries of the Latin space resulting in a global, devout following and large cultural impact. She was recently featured on projects by **Karol G**, **Ricky Martin**, **J Balvin** and **Nicky Jam**, the latter of which sampled her song "Disfruto" on his explosive track "Desahogo."

She supported **Coldplay** in Mexico on their **Music of the Spheres Tour** (2022) in stadiums averaging at +60K capacity. She then wrapped a sold-out headlining US tour that kicked off with a spectacular show at the iconic Greek Theater.

Overall, Carla has accomplished monumental feats that many Latinx artists were not able to achieve in the United States before the Latin music explosion (pre-"Despacito"), ultimately breaking down boundaries for many artists today.

### On the album from Carla:

"My most personal album yet. My other albums focused on my relationship with others, this one focuses on my relationship with myself, *Diamantes* is as of now, the place where I live now, I shine bright, I'm in love and I'm content with my darkness and my light."

## SOEN TO RELEASE SIXTH ALBUM, MEMORIAL WITH SILVER LINING MUSIC ON SEPTEMBER 1ST 2023

Never ones to take the restrained path, on their sixth studio album *Memorial*, Soen face down the ills and ways of current society with a crisp, wounded venom that betrays their pain, anger and frustrations. Each guitar carries a greater serrated edge, each melody a richer heart, each lyric a soul and spleen venting definitive proclamation. At the same time, Soen's unique blend of progression, aggression, and beauty shows more maturity than ever before.

The dovetail of melodic greatness and face-crushingly heavy guitars and rhythms on *Memorial* is glorious. There's the proud power-stride of "Sincere" and the sheer power of "Unbreakable", Martin Lopez's drums driving deep, the symphonic beauty of "Hollowed" (featuring guest vocals by Elisa), and the rousing roar of "Icon", with the trademark vocals of Joel Ekelöf as emotionally evocative as ever.

Throughout, Oleksii "Zlatoyar" Kobel's bass supplies a thick river of support, while Lars Enok Åhlund and Cody Lee Ford supply consistently dynamic, brilliant twin guitar work.

Finishing with the beautiful, tragic, Pink Floyd-doused ballad "Vitals", *Memorial* is the result of brave, emotional, and evocative artists finding their best stride yet amidst global chaos and madness. Soen have been building up to this moment for years; now they're here, *Memorial* deserves universal acclaim as a truly inspired modern hard rock classic.

*Memorial* will be released on CD Casebound Book (deluxe package), 12" Black Vinyl, Indie Exclusive 12" Orange Vinyl, Digital Download and Streaming. Available to pre-order from May 30th 2023.

# SMALL MILLION | PASSENGER

## DESCRIPTION

You have said too much to a stranger in a bar bathroom; your back is killing you because of everything you haven't said; you've overwatered your houseplants again. Small Million is here for you.

Flowing from the collaboration of longtime creative partners Ryan Linder and Malachi Graham, the Portland-based indie pop outfit welds deeply affecting sonic production to smart lyrics about intuition and inhibition, losing control and ending up in unexpected places, being willing to fuck up, bodies hurt and bodies joyful. The effect is both intimate and epic, delicate and fierce. Listen to it to ache, dance to it to heal.

In the time since Small Million's last release, years of chronic pain have led lead vocalist and lyricist Malachi Graham to deep explorations of embodiment that have changed everything from her singing voice to her dance moves to her observation of human frailty. "There's one side of chronic pain that leads you towards intuition, self-discovery, and listening closely to yourself. But it also means you end up sitting on the side of the room a lot, watching people and paying attention. Also you're pissed," notes Graham. Producer and instrumentalist Ryan Linder's background as a filmmaker informs the textured richness and intelligent restraint of his song building. He approaches production with obsessive technical rigor that's always in service of centering intense emotion. Graham's clear, unadulterated vocals

breathe at the heart of Linder's rich sonic terrain, drawing comparisons to The Cranberries and Florence + the Machine.

Linder and Graham have been writing as a duo for a decade, but for their newest chapter they've expanded the band, enlisting Ben Tyler (Small Skies) on drums and Kale Chesney (Lo Pony) on bass and harmonies. Small Million's evolution into a four-piece has expanded the band's sound from their synth pop origins to encompass more organic, raw indie rock energy.

Small Million has played with artists like Fakear, IDER, Hatchie, HÆLOS, Lo Moon, and Loch Lomond, and their tracks have been featured on compilations by Tender Loving Empire, PDX Pop Now!, and Vortex Music Magazine. They released their debut EP *Before the Fall* in June 2016, their follow-up, *Young Fools*, in Fall 2018, and singles "Saintly" and "Tarot" in 2019. Their newest music is dropping throughout 2022.

# MICK HARVEY & AMANDA ACEVEDO

## Phantasmagoria in Blue

Street Date: 9/1/2023

Mute is excited to announce the release of *Phantasmagoria in Blue*, Mick Harvey's new album of duets in collaboration with Mexican artist Amanda Acevedo. Out September 1st on black vinyl and CD. The vinyl includes a printed inner sleeve and a download code with 3 extra tracks.

The album contains 14 tracks sourced from existing duets, songs that previously were not duets, translations from Spanish and a sprinkling of original compositions. Thematically it explores the perennial themes of mortality, love and mankind's search for meaning as well as an enthused engagement with the enigmatic and mythical. Harvey and Acevedo met several years ago in Mexico City, but it was during 2020/21 that the project burst into life, as ideas were exchanged across the oceans and through the ether. The resulting collection of songs is lush and sweeping in its emotional content and is full of nourishment for the imagination and the senses.
